

Rock Man NEO / Mega Man NEO
30XX
"Hell on Earth"

The Past: Is nothing but lost memories ever since the Great War to end all wars broke out. There were no victors, but everyone believed that this was the end of it all. People live within the bowels of darkened alleys, striving to survive. Humans, a powerful race, are now weakened and helpless against the terrors that affect them everyday. There is little more justice, and the only ones who feel safe are those who are already dead.

Within the broken mountains lies a manor of the once powerful scientist, Dr. Ezekial Winston Wily, now left to scourge within his own home since the destruction of the war. But little is known about the man... Until...

The Present: As several police helicopters search endlessly; a small, darkened figure seems to watch the broken city below. The eyes of searchlights finally catch a sudden glimpse of the shadow, as it stands there, waiting.

Suddenly the figure moves, holding out the limp body of a civilian, with his hands soaked in blood.

"Sir, we've spotted him. It's the one who caused the homicides. Awaiting orders to fire.... Wait... HE JUMPED! OPEN FIRE!!!"

Jetting down the vertical structure, the red lights forming his eyes streak down alongside. His speed is unimaginable, and his power is immense by the several automobiles that jump and rock from his touchdown. He stops near the freeway and looks up, a sinister grin on his face.

"Sir... he's... stopping... Dear God no... RETREAT!!!! retreAUGHH!!!--*"

Gunter: "That was where the communications stopped.

Zero: "Were there any survivors?"

(Gunter puts his head down.)

Zero: "Dammit... How many more must suffer before all of humanity is wiped out?..."

Gunter: Easy Zero... We still must study this man... this... beast, as they tell us. He's not at all like what we've encountered... We have to be careful... That goes for you too Zero."

Zero: "I'm not going to stop until I see that... that... BASTARD in hell..."

Gunter: "..."

Zero: "I'm sorry... I know my mission... I just hope to see others safe before anything happens..."

Gunter: "You're the last man I know that's sane in this hellhole Zero."

Zero: "I'm just living by what I feel is right Gunter... You know I would never have learned anything as I know now if it weren't for you."

Gunter: "Let's track ourselves a killer..."

The Future: ...There may be none.

Meanwhile, inside a lab somewhere near the Pacific

Soldier: "Hey, you! This is a restricted area, only official.. GLK--*"

Gideon: "Must you be so messy Crystal?"

Crystal: "My orders are simple... Just be glad I'm carrying them out, unlike certain machines I know."

Gideon: "And be glad I don't have to KILL you after this mission is complete... We have a lot of work to do..."

Crystal: "Do you suppose he's near?"

Gideon: "That bastard has run off on us... He's a traitor... I don't think

he'll be as far as he would hope for what he's done."
Crystal: "He still knows his actual programming... He's doing more death sentences than we have ever made together."
Gideon: "All the more to seek him out, and destroy him... He's making us look bad for the master."
Crystal: "Killing our own brother... hm... *laugh*... What a novel thought... All the more for us..."
Gideon: "Yes... the more for.. us... *chuckle*... *loud laugh*!!"

First Encounter with Zero and Gunter Script #002

Zero: This is your last warning, killer... Surrender or we'll have to take you in by force.
Neo: force... *maniacal laugh*! You're already dead.

Neo: This place is as barren as the city... Strange... Why did I come here?
I felt like there was something calling me... But what?....

Oh to hell with it all...

*a large tank like figure strides up from the distance, underneath he sands
and then quickly reenters the sands again*

Neo: What was that?... A tank?... Out here in the desert?...

Hmmm... There has to be a base nearby... And it's probably abandoned if
I'm lucky.

But probably not... ..I'll have to kill them to hide my whereabouts.

-end of entrance, beginning of Desert Base stage-

Mid Stage:

*The tank he saw before rides up before him, stopping him in his tracks and
dives back into he sand*

*Neo falls as the ground below him crumbles and he is taken to a lower area
of the Desert Base.*

The tank screeches again

Neo: No turning back now... I'm going to have to take this creature down
with force!... ungh... ah!.... DIE!!!

myself...

Ending Sequence of the Stage:

Neo: Just as I thought... this area is dead... Just like everywhere else
in this god forsaken world...

a faint whisper emits behind him and Neo turns and holds out his cannon

Neo: Who's there?....

*he faces a shadowy vortex of a hall and then slowly looks around, finding
nothing he turns away, then finding a half broken machine with a scythe facing

him*

Neo: WHO THE HELL ARE YOU... UNGHH!... I don't care who you are... I'LL KILL YOU!!!

Solo: ...Too late... I am already like you...

Neo: Like hell you are...

Solo: There is little time left for you... Unless you heed the warnings... You will suffer eternally...

Neo: ungh.... h..... ow..... d..... who... do you... care....

The figure vanishes and Neo is there alone again within the bowels of the base

Neo: That voice...

Neo looks to his hand and then turns his head away, walking toward the hall, leaving his thoughts behind.

...who cares...

Crystal: You do what you want... I already know my intentions.
MM Crystal walks out

Roll: Doctor... can you help him?

Tri Light: *smiles* of course I can... and you can tell me all about what happened Taurus... please...

-end of sequence-

Beginning of Stage:

Neo leaps out of the smoldering cave and falls down the slope, scraping across the rocks as he slides down and then stops

Neo: ngggh... damn it all... I... Didn't kill him... but... something inside me told me I should't... Duo?... Was it you?...

looks over at the entrance to the planetarium

Neo: nggh... I need some shelter in order to heal my wounds... *walks inside*

The door shuts behind him

Neo: ngggh... This place looks strange... It's like an abandoned museum of space artifacts...

-Begin stage-

During the stage, several exhibits spark Neo's interest, some exhibits hold cameos, or artifacts from other MM games, but they don't hold any significance to the connection of the series, also, familiar tunes from several games might be heard in the BG music, such as Shade Man's intro theme, and Launch Octopus's theme:

Exhibit 1:

Neo: hmm... The Elysium... A space colony... Hmm, must've been a failed experiment since it crashed...

Exhibit 2:

Neo: Dr. Thomas Right... inventor of artificial intelligence... So he's the one that started it all... I'm sure he wanted it to be this way... to end in a damn war...

Exhibit 3:

Neo: Hmm... why is Hammer portrayed here... wait a minute... It says its name is Guts Man... A construction modeled robot used for lifting numerous heavy objects... Hmm.. So is that where Wily got the inspiration?...

Exhibit 4:

Neo: Looks like the history of our power source and money... said to have been found deep within the ground by explorer's called Diggers... Hmmmm... But there's more to it... seems that an ancient race of robots would always guard these crystals... It's a shame what humans would do just for money...

Exhibit 5:

Neo: Hmmmm... interesting... Before artificial intelligence was created, it seems that another doctor performed a test to create a computer technological advancement... But at the end, they were just used for battle... war seems to be more eminent in technology than peace...

Exhibit 6:

Neo: ...This seems to be a crystal... yet it's still glowing... Hmm... It says that it caused the great cataclysmic war a long time ago... Was there another war before this one?...

Exhibit 7:

Neo: Seems to be the arm of a lost soldier long ago... it looks like a claw of some animal... I can't really read much of what it says... all that's clear is said "..vrick".. but even that is cut off...

Middle of Stage:

in the background, a strange darkened shadow of a statue lies, tilted and broken at some points. The figure might be familiar

Gideon: It's been awhile Neo...

Neo: Gideon... Well... It's obvious that you would be in such a place... you've always loved technology...

Gideon: Ah... it is a weakness of mine... I've always spent my time here discovering new things... fixing pieces to a puzzle of a past we have never even known...

Neo: What excites you so much about the past?... It's nothing but lost memories now.

Gideon: That's the humans' fault... They abandon history... They look at it like nothing... We could learn so much about our ancestors...

Neo: You and I know damn well we have no history behind us...

Gideon: Oh really... You might be surprised brother... uncovering lost knowledge may help us in discovering more power... helping us undo the faults we've created in the present... The only ones that are stopping us are the idealist bastards and youth that always insist on change... They don't know anything... they think of no one but themselves...

Neo: That's why you were always after the children... You knew that they'd grow up to think that way... but why would you care?....

Gideon: We all have our missions Neo... each and every one of us brothers... we were built to kill the humans... wipe them off the planet...

Neo: ...We... were made to...

Gideon: Clean the Earth of the filth that plagues it... I'm surprised you don't know any better... You were always a rebel... I don't know why the master wants you back... But I'm not going to stand for it... I'm killing you right here... underneath the forgotten memories...

Neo: No Gideon... Don't do this...

Gideon: I have but one choice Neo... much like you... it is to kill or be killed... and I choose kill... Arm yourself...

Neo: nggh...

-Battle with Mega Man Gideon begins-

End of Battle with MM Gideon:

Gideon falls with a crack on his bubble

Gideon: Blast... my calculations were inaccurate...

Neo: You can't keep going like this Gideon... It's not going to help you any better.

Gideon: Like hell it is... you're so cocky... you think you've got all the power... Neo, soon you will fall... and I'll be there watching you...

Gideon leaps off

Neo: Gideon... I don't want to kill you... or... do I?...

-end of battle, continue stage-

Middle of Stage:

Gideon: I won't fail this time...

Neo: No!... Crystal! Gideon! Don't do this!... There's no point!

Gideon: We've decided to work together in destroying you since our last efforts have failed...

Crystal: With two against one... I think we have a better chance at destroying you...

Neo: No... this isn't fair!...

Gideon: FAIR?! Do you think we care about if the battles are fair?... We want you to die Neo! Don't you get it?... You don't belong here...

Crystal: I realized that the only reason the master wanted you back was because he was going to disconnect all of us after you returned...

Neo: What?....

Gideon: He realizes your power... He wants you to be the strongest Mega Man!

Neo: no... I... I don't want to go back!

Crystal: Good... then die in peace dear brother...

Gideon: Attack!

-fight with MM Crystal and MM Gideon commences-

End of Battle:

Crystal: DAMMIT!!! Not even with both our efforts combined we can't kill him!

Gideon: *huff huff* you're the one slowing me down... If only I had my chance... and YOU wouldn't get in the way...

Crystal: Are you blaming me brother?... Are you actually accusing me that we didn't finish him?

Neo: brothers... stop!... We have to work together on this... I know there is a way we can all....

Gideon: Shut up!!!!... If it weren't for you Neo... We wouldn't be doing this!

Crystal: *holds up Gideon* How dare you blame these actions on me! I'll kill YOU!

Gideon: Crystal!!! What are you doing you bastard!

Crystal: I won't stand for your insolence... you've been a thorn at my side since the beginning!

Gideon: You not a very nice person! DIE!! *points the gun toward him and blasts his arm off*

Crystal: GRAUGH!!!! You fool... I can't believe I ever trusted a weak minded bastard like you...

Gideon: You've always been throwing down my ideas... My plans would have been foolproof if you hadn't gotten in my way...

Neo: NO!!! CRYSTAL!!! GIDEON!!! STOP!!!

Crystal: So... I guess it comes to this... I've been after the wrong Brother...

Gideon: ...what do you think your doing?... put your gun down!!!

Crystal: AURGHH!!! NO!!!! hlkkk!!....
Neo: *huffs* why... why?.... WHY!!!
Neo kneels over the bodies of his dead brothers and holds his head in pain
I... I couldn't help them.... why... why do I care about the brothers that
want to kill me?... I can't understand what's happening to my mind...
First I wish to kill everything in my sight... now all I can do is can't
stand the sight of death.... What's... wrong... with... me?..... I AM MEGA
MAN NEO!!! THE ULTIMATE KILLING MACHINE!!!!!!!!!!!!!!!!!!!!
-fade out-
Mega Man Gideon and Mega Man Crystal are dead

Neo: A program?... But.. how?...

Duo: I have reason to believe that it has something to do with your connection to the master...

Neo: Wily...

Duo: Yes... Don't listen to the ghost of Solo... He is trying to stop you... I believe he is a part of the evil energy...

blind....

Neo bursts through the chamber doors
Neo: That bastard... How dare he call himself my father..
Wily: HA HA HA HA HA HA!... you impress me Neo....
Neo: WILY!!
Wily: Come on up my boy... There is something I wish to share with you...
Neo: I don't care about what you have to show me...
Wily: I'm sure you will if you want to know what lies ahead for you...
Neo: ...
-Begin Stage-

Near End:

Wily appears in the middle of a pitch black room, upon a floating throne
Wily: Ah.. my son... So you came...
Neo: WILY!
Wily: You must be very heartbroken about your brothers... However... Let

us not dwell upon the past... I suspect you have many questions...

Neo: What's this all about Wily?...

Wily: It appears that the virus has been lost within you...

Neo: Virus?...

Wily: You have grown weak within your rebellion my son... The chip I had implanted into you had done what I had planned. But the disappearance is still baffling, it doesn't matter. You have given me enough power from your doings, more than I had hoped for...

Neo: What?... You mean.. Trio?...

Wily: Yes... The voice you heard inside your head, it was nothing but a mere final experiment to close my plans for wiping the Earth clean of filth and the people ridden within it... Through your constant killings, the energy inside you grew stronger, allowing me access to it...

Neo: So... This was all a test...

Wily: You could say that... I had also provided you to test out your abilities with your brothers as well. It proved quite interesting.

Neo: ...You bastard... You enjoyed seeing your own "sons" die?...

Wily: Although I have to admit it was quite entertaining... But that is beside the point, you have proven worthy enough to be considered the strongest Mega Man of all Neo... In my earlier attempts to create the Trio virus, I created the prototype to "test" out the abilities. However... Due to some miscalculations, the virus proved unstable, and had to be disposed of. Mega Man Solo had to be deleted in order to expand to more capable subjects...

Neo: ...So you sent Axel to kill him... I guess you aren't so perfect after all Master..

Wily: SILENCE! *Wily sends a shock into Neo's veins which causes him to weaken* How dare you defy me... You... My ultimate creation! You dare question my demands and my abilities! I AM THE MOST BRILLIANT MIND IN THIS WORLD!

Neo: HNNNGGGKKKK!!!...

Wily: Ah... But alas... You HAVE defied me... Ever since I gave you the perfected version of Trio, you left in your own rebellion. So I had to take measures... You're idiotic brothers... Even though I had given them orders to have you return to me, they all sought you out and kill you in their own test to prove which is the strongest... But I already knew.. None of them could match your fighting ability... And besides, your rebellion gave me a healthy supply of energy for my plans... So it was proven to be a worthy cause...

Neo: ...A worthy cause... BAH!...

Wily: Let me tell you a little story Neo... Before the last war, a group of scientists discovered a crystal filled with an expanding energy force that was more powerful than any other fossil fuel imaginable... More powerful than electricity.. more powerful than any element. They sought to use it as the Earth's main fueling power.. but in the end, it was used as a weapon.. thus starting... and ending the war. This energy became so powerful, it destroyed several nations... Causing what we see the Earth today... I used it to fuel my plans to clean the Earth now.. This energy we know now is nicknamed Evil ENergy... because of it's constant thirst for the four elements, anger... hate... murder... and death...

Neo: And with the Trio virus... I helped fuel it... damn...

Wily: YOU catch on Neo... he he he he he he HA HA HA HA!!! Now you'll be able to witness the creation of the project I had worked on for so long... The only thing that will be even stronger than you!!! BEHOLD!!!!

The lights turn on in the BG, showing a huge figure inside a large capsule Black Devil! The carrier or the ultimate Energy, the most powerful machine that will destroy all! All it needs is one final component... YOU Neo...

Neo: I won't be part of your experiment...
Wily; You have no choice Neo... I created you! and I can destroy you! You will be the host for this ultimate creation!
voice: ha ha ha ha ha! you fool!!
Wily: What?...
Wily gets knocked out of his throne by a purple energy and falls to the ground
Neo: That voice... Trio?...
Trio: You thought you could control the most powerful force on Earth didn't you doctor? You should know that Evil Energy could not be controlled by any mere human, it is manipulated! You were just a host for us... So that we could control you and become stronger!
Wily: What?... You... you!!
Neo: The Evil Energy?... but... It's alive?
Trio: You were so foolish to believe that it could aid you, even after the same energy was used for the war! Now we shall complete our own mission.. we shall control ourself! We will be the end of your entire pathetic life.
Wily: Wait! STOP! I command you!!
Trio: You cannot command us anymore stupid mortal... LET THIS BE THE DAY OF APOCALYPSE! AS THE MANY PLANETS BEFORE YOU!!!
Trio enters Black Devil and it awakes, and bursts through the glass of the capsule and flies out through the ceiling
Neo: WILY!!!! What have you done!!!!... TELL ME!!!
Neo grabs Wily by the collar and hoists him up
Wily: You wish to know the truth Neo?....

Sequence after the incident:

Wily: ... If you relaly want to know Neo... I was one of those scientists... I was the one that found The Evil Energy. Even though we found a way to control it, I sensed a strange power within me as if controlling myself... But that was not it's desire... It wanted me to make it more powerful. After the war... I wanted to start all over....
Neo: Start all over?... YOU mean wiping the Earth clean of filth... YOU wanted to kill all the humans to start over?...
Wily: The only way to create a future is to undo the past... In my streak of power, I sought to use the Evil Energy to destroy the Earth that we know today, to create a new Earth. You and the others were a prototype to be the new race of the perfect world I had planned. The Mega Men... The race with no flaws... No disturbance... and no will of their own but what I say them to be. The World was to become mine... Recreated within my image... Some may have called me mad... They still do... I know. But, my way is the only way to make the Earth right again, as it was before the damn war! But through my miscalculations... The Evil Energy was TOO strong... It created a will of it's own... creating Trio... And it passed to you, having you build up more energy as it crawled inside your body.
Neo: You are sick... This was all because the world is not what you want it to be... It can't be changed with force... There has to be confidence within the people that still are alive that the world can be regenerated.
Wily: heh... That thought can't be done... The people are too ignorant to live by themselves... they need someone to lead them. And they care about noone but themselves. That's why they are insignificant... obsolete... a threat to the peace of the world.... nggh... *cough cough* *Wily is bleeding within his coat* It doesn't matter now... the World will be gone... And so will I... Your attempts will fail... and there is no more hope for human kind ever again... unghh... *Wily falls limp*
Neo: Wily?..... WILY??..... *he puts him down and kneels...*

Even though you were a madman.... I... I thought I could change you... You were my creator... my father... I... just knew I could help...
...help...

gets up I guess that's all I have to do now... Even if I have to kill myself... This world isn't going to end... and there's going to be a new hope... It's time I settle my destiny once and for all... I will avenge my brothers who have fought for the wrong purpose... It's time for this reign of evil... to end...

-Battle with Black Devil Begins-

End of Script #023

Battle with Black Devil:

Neo: ...So.. you're the doctors ultimate project... This has gone far enough. I'm putting an end to you before you destroy this world!

Black Devil: ...

Neo: There's something different in you... But.. familiar... Shinobu

Black Devil: ...

Neo: nggh.. I can't let my mind be taken over by the evil energy... nggh.. Damn you Wily... This is all your fault.. you're thoughts about "clenseing" the world would only end in an imperfect world... I know.. humans can be given a second chance... It's time to put an end to this evil energy!!!

battle with Black Devil commences

Black Devil has five separate forms:

Normal- Black Devil will perform similar moves to that of Yellow Devil, like throwing his separate parts toward Neo.

Skull-In his Skull form, he will begin firing multiple shots in several directions, and his final move will be a powerful and long blast of energy where there is little to move around by.

Yamato Man-Will oddly transform into a figure that looks closely related to Yamato Man, or a Bushido soldier. He has a long spear and is quite agile.

Apocalypse Tank-The largest of the forms, he will turn into a gigantic creatuire that has bull horns and a powerful punch. His energy blasts now magnetically charge toward Neo.

Blob-His final attempt will turn into a ball and hover around toward Neo. He will fire lasers through his eyes that trail around and emits smaller versions of the first Black Devil.

Black Devil is defeated:

*Black Devil falls, and begins to melt, the energy symbols around him flash and then dim out. The only thing that is left is the sphere that was inside his body, and it cracks and explodes. Neo guards as the blinding explosion

fades and he huffs*

Neo: It's over... ungh.. there will be.. no apocalypse...

NGH! WHAT! AUGH!!!! MY HEAD!!! I... AUGH!!!!

Voice: You thought you could destroy me! THE ULTIMATE FORM OF POWER!

Neo: no... Trio

Trio: HA HA HA HA HA HA!!! You are now my host for the ultimate apocalypse.. I'll make sure this entire planet isw dead.. even if I have to kill each being one by one!... Come with me Mega Man Neo... don't fight the power! Now that I am with you as one, you can be the most powerful being in all the world!

Neo: NO!!! STOP IT!!!... I... can't... give... IN!!! *screams as the screen fades to black*

-end of Black Devil Battle-

Battle with Trio

Trio: You fool!... You dare destroy your own consciousness just to fight me? Hmm... you are less weak than I had thought... No matter... I can still control your body to kill every single soul on this pathetic planet. he he he he... yes... I will make you suffer! I'll just let you live enough to see each and every body I tear apart! Just to show you that I am the most powerful being in the universe!!!

Neo: Is all you do is talk? I've had enough... I'm not going to stand by and let you kill this earth! Humans deserve another chance!

Trio: HA HA HA HA HA!!! Do you still think this is your idiot Masters "cleansing"?...

Neo: ...

Trio: That fool built you to become the superior race of all beings. He wanted to wipe this earth clean of the disgrace... I could care less who humans and robots are like... To me, they are nothing BUT filth... another speck on this god forsaken universe... He he he he...

Neo: ...Evil Energy!!!

Trio: HA HA HA HA HA!!! Once I'm done with you there will be nothing left! DIE NOW MEGA MAN NEO!!!

-fight with Trio begins-

after Trio is defeated

Trio: he he he he... yes I LOVE THIS!!! the more pain you give me, the more power I have!... I'm through playing with you... It's time to show you what a superior being has in store!

he engulfs himself in purple energy and begins to grow.

Neo: shit...

Triole: I AM TRIOLE!! THE MOST POWERFUL BEING INT HE UNIVERSE!!!

Neo: heh... how pathetic... YOU say you are the most powerful being... yet you need a host body to live...

Triole: that is what we are... he he he he...

Neo: ...?

Triole: We continue from planet to planet... engulfing them to our will... We destroy everything in our path... But some of us were less prepared... I will not let history be repeated as it once was...

Neo: you... YOU STARTED THE GREAT WAR!!!!

Triole: HA HA HA HA HA! I wish... That was the plan of my brother... something that he had worked upon decades after his other brothers first attempt... we are a family of destruction.. not giving up until all life is destroyed but us...

Neo: You need us to survive!... When you destroy the entire world, you will be no longer!

Triole:We will keep going to other life... other planets... we make sure the balance is ordered! NOW DIE NEO!!

battle with Triole begins

To be Continued

Battle with Triale

Triole is defeated

Triole: I... Won't... give up!!! You are just as annoying as those my brothers fought before me... and just as stubborn!!!! I'll make sure you die and die painfully!!!

Neo: eenggh... b....bring it on not a very nice person!

Triole: ...ERAUGHHHHHHHHHHHHHHHHHHHHHHHHHHHHHHHHH!!! *more energy flows around him, a vortex swirls behind, he becomes so engulfed by the eenergy*

Wha... GRAUGHHHHHH!!!!... yes... YES!... the power... the absolute destruction!!!!.. er... eraughhh!!!!

Neo: I odn't think even YOU can control so much power...

Triole: HA HA HA HA HA!!! YES!!! I WILL DESTROY YOU NEO!!! YOUR PATHETIC UNIVERSE WILL BE MINE TO CONTROL!!! I AM EVIL ENERGY!!! I AM THE APOCALYPSE OF THIS PLANET!!! HA HA HA HA HA HA HA HA HA HA!!!! *Triole flashes and transforms in Triale, a hideous disfigured beast with glowing red eyes that walks on six legs. He has two arms, and one is mishapen with large claws. It roars without conscious*

Neo: and I... w...won't stop until this madness ends!!!

battle with Triale begins

Triale is the most difficult boss int his game, being the last as well. He only has one weakspot, his head, and even with that in mind, it's hard to reach. What Neo must do is wait for Triale to attack with his evil energy bursts (the ones that make Neo insane during the entire game when he gets hit) But he can only take so much, if he gets hit with one more than four times, he gets engulfed in the evil and it's Game Over. Once Neo is "insane", he can jump higher and attack more viciously. As he strikes, more of Triale's body will disintegrate and it'll reveal a glowing mass within that's shaped like Trio. Neo must be once again sane in order to attack it (Neo cannot attackw ith his buster when insane). Once Neo attacks, Triale will regenerate and Neo must go throught he same tactics. (attacks aren't included)

to be continued

Triale is defeated

Triole: ERAUGHHHHHHHHHH!!!!... I can't believe this! This is impossible...

Neo: Go back tot he hell hole you came from!..

Triole: HE HE HE HE HE HE HE!!! I'm not through yet!!!

Neo: *gets caught in one of the purple energy fields* UWAHHH!!!!

Triole: I won't die while you're alive... SUFFER!!!!!!

Neo: No... I... UWAHHHH!!!!!!!!!!!!...

Triole: It.... is... ovr... f.... yu.... d-DIE!!!!....

Neo: AUGHHHHHHHH!!!!!!!!!!
A bright flash surrounds
(Outside)
Zero: What... the island...

Zero: Everyone take cover!!!
Everyone leaves

Zero: Neo... is he alive?...
Duo: *looks down*
Trilight: Is he alive?... TELL US!
Duo: I can't... I don't sense anything...
Zero: That explosion must have been too much... I should have done something...
Duo: *places his hand on his shoulder* Don't blame yourself... Neo already knew about his destiny... he just had to fulfill it...
Roll: Neo... The one who we thought would be the death of us all... actually... saved us...
Duo: ...He knew that this Earth needed another chance to regain itself...

Duo: I knew you would be here... I could actually feel your prescence up there... I could hear you call out to me... you wnatd me to come here... And... I know what's happened to you, and I won't let you depress the dreams so many lives have hoped for since the fight... I'll stop this... It ends now...

Duo: ...*slowly nods*
Zero: ...He... He saved us all... He gave this earth a second chance... I was wrong about him... I SHOULD HAVE HELPED HIM!
Duo: Do not blame yourself... It was his destiny... he had to...

Zero: I stood back while he risked his life for us... I feel so selfish...
Duo: It's not your fault... Zero... This was his fight... He did it for the good of all of us because he blamed himself for the cause of it all...
Zero: ... *Duo walks off* huh?... Duo... where are you going?
Duo: It's time I moved on Zero... This earth needs help.. and there's only one way I know that can help it all...

Roll: Seems to be a riot going near the bank area... YOu suppose there's a heist?

Zero: there's almost noithing in that building... what?...

Zero stops and looks up within the crowd, a figure is seen on the top of the building.

Zero:... it... can't be...

Zero pushes within the crowd and runs inside the building. it's dark and barren, yet the crowd seems to stay outside, Zero rushes over to one of the soldiers

Zero: ...what's the problem?...

Soldier: He's in there... he says he has almost 100 pounds of ammo!... We're keeping our distance...

Zero: You stay here... I'll try and sneak in...

Ending 5: HERO ENDING

you see nothing but black, and Neo talks

Neo: I wasn't sure if I was alive or not after that day... I was confused... I've been like that since the beginning. I was built to be a weapon of chaos.. destruction... perhaps the only root to the apocalypse of the planet... But, something stopped me... There was a spark inside my mind urging me to end the madness, the cry of hope... But what was it?... Something from my past?... I was built by Dr. Wily... and now he is dead... my father... my creator...
What is honestly bothering me... Is my fate...

A bright desert area is seen when the black fades out. several rocks and pieces of war junk are hurled throughout it. a figure in the distance walks closer to the camera. It's Duo, wearing a scarf

Duo: ... hm... I'm getting closer... the reading has been getting stronger every day now...

he walks around, searching throughout the rubble, he lifts a heavy piece of metal away, there is the top half of Neo's body lying there, scarred and burned

Duo: My friend... You have been through so much... hmm.. *he picks his limp half up and looks to him*

I must commend you... you have done much help for this world... The humans are striving once again... and the cities are being rebuilt... now that the evil energy is gone, thanks to you...

he puts his hand to his head and a blue energy flows onto his hand

Duo: You need much rest now young hero... In the mean time...

Duo puts down Neo's body and gets up, walking away.

a crackle on a tv appears and then fully shows itself.

Reporter: r...reports believe that... a mys... mysterious hero has... en sighted around th s..... w... an only wonder who he is.. and wh.... e's doing here...

the tv turns off

-Music plays as several police cars pull up to a building and stop, the camera tracks up the tall building, and stops and zooms out to see Duo, standing on the building, looking down, with the same scarf on. A faint figure of Neo's head appears next to him and the entire scene fades out*
